

GUILDFORD
ENVIRONMENTAL FORUM

OPEN MEETING FOR RESIDENTS

WHAT CAN GUILDFORD DO ABOUT THE CLIMATE EMERGENCY?

WHAT ARE THE FACTS? WHAT CAN WE DO?

The scientific community warns that climate change will have catastrophic effects unless more urgent action is taken. We cannot just leave it to national government. Local communities also need to act.

Henrietta Stock (of Guildford Environmental Forum, and Al Gore's Climate Reality Project) will present the facts and we will discuss what we, the people of Guildford, can do about climate change.

Everyone is welcome to debate this most important question of our time, and to help develop an action plan for our community.

OPEN MEETING

Date: Wednesday 29th April, 2020

Time: 7pm

Location: The Council Chamber, GBC Millmead Offices,
Guildford GU2 4BB

Subject: What can Guildford do about the climate
emergency?
