

# SAVING PEWLEY DOWN FIELDS

The fields on the north side of Pewley Down next to Holy Trinity school are up for sale.

Local people are coming together to try and raise the money to purchase them to save them for the community.

One hundred years ago the Friary Brewery swooped in and saved Pewley Down for the benefit of the people of Guildford.

We now have the opportunity to do the same and preserve these fields next to the Down for future generations.

A material proportion of the funds needed has already been identified.

Together with Surrey Wildlife Trust, Pewley Down Conservation Volunteers, Guildford Environmental Forum and supported by local schools, and the Charlotteville Jubilee Trust, we are appealing to local residents who can pledge sums of money to help enhance this bid for the future of our local rural life.

## OUR VISION

To protect this beautiful countryside from development, and create an area that both nurtures rare British wildlife, offers environmental education opportunities, and provides additional amenity space for the people of Guildford.

If you are interested in making a significant pledge to help raise funds towards this purchase, please contact:
